### UNFURL IT

Don't forget that Thursday, June 14, will be the 140 anniversary of the adoption of the flag of the U. S. A. While the storms of the last few weeks have wrought havoc with our flags let us secure a new supply and again on the above day display flags on our homes and places of business. Since the flag at present represents so vividly what we as a nation stand for "equality of opportunity for all," then hasten the day when all nations of the earth shall be equally blest.

Miss Opal Baugh of East Second street leaves this week for Lexington to take a School of Methods Course at Transylvania.

### TO OUR SUBSCRIBERS

After much effort we have succeeded in arranging our Carrier Service, we hope for the summer, at least. If you are having any trouble in getting your paper either call phone 40 or notify the carrier.

### FOR REPRESENTATIVE

We are authorized to announce Mr. John R. Cochran as a candidate for the office of Representative from Mason county, subject to the action of the Democratic Primary, August, 1917.

### GRADUATION PRESENTS

Give the Girl Graduate a Diamond Ring, Diamond Lavallier or a handsome Parisian Ivory Toilet or Manicure Set with her initials enameled in colors or a nice Gold Handle Umbrella at MURPHY'S, The Jeweler.

### COUNCILMAN HUNSICKER

Dies in a Private Sanatorium at Lexington Early Sunday Morning—Was of German Birth.

Councilman Godfrey Hunsicker, aged 46 years, 3 months and 6 days died in a private sanatorium at Lexington, Ky., early Sunday morning, following an illness of several weeks. Some time ago Mr. Hunsicker suffered a stroke of paralysis at his home on East Second street in this city. Following the stroke he was confined to his home for a lengthy period. He seemed to be upon the road to recovery and his many friends were predicting that he would be able to be out in a few days when he received another stroke. He was taken to the sanatorium at Lexington where he seemed to get better. Reports coming from that place at various times were very hopeful, but on last Saturday he became worse and passed away at the time mentioned.

Mr. Hunsicker was born in Kropfen, Bavaria, Germany, on March 4, 1871. The story of his life is a very interesting one and shows how one boy fought his way up the ladder of success.

His mother died when he was but a small child and at the age of ten years, accompanied by his brother, Chris, he started for America, the land of golden opportunity.

Upon landing in New York City they immediately left for the west, arriving in Louisville, Ky., on June 15, 1881, eleven days after reaching the American shores. Their coming to Maysville was the result of an accident, but upon their arrival here they continued to stay.

Leaving Louisville the two brothers took a train for what they supposed was Cincinnati but instead got on the wrong train and were brought to Maysville. They attempted to go to Cincinnati by boat but were short 15 cents of the necessary \$3 needed to take them there.

They were unable to speak the American language upon their arrival here. They were fortunate in securing positions soon, the younger of the two, Godfrey, receiving employment with the Cooper & Sphar Brick Works, which was located at the present site of the Maysville Coal Co., of which he was proprietor.

It soon became evident that he was a young man that was bound to rise in the business world in Maysville. He advanced rapidly until he became the owner of a large saw mill here. He later suspended this and went into the coal business continuing the latter until his death. He was Councilman from the Sixth Ward of the city for the past four years.

Mr. Hunsicker was twice married. He is survived by three children from the former marriage, Misses Flora and Herma and Mr. Frank Hunsicker, and two by the latter, Misses Hetrick and Freda Hunsicker. He leaves two brothers, Chris of this city and Henry of Germany and two sisters, Miss Lena of Germany and Miss Rachel of Cincinnati.

The funeral will be held from the late home on East Second street Tuesday afternoon at 2 o'clock, the body being brought to Maysville today. The services will be conducted by the Rev. Dr. John Barbour, pastor of the First Presbyterian Church. Interment will be made in the Maysville cemetery.

### WHY, OH, WHY?

Maysville urchins and many others of larger growth are wondering why Maysville is missing all the circuses this season. The towns all around us have had visitations from this popular form of amusement enterprise, but so far not one has even pointed its nose in the direction of Maysville. A good circus or two would tend to liven up things considerably, and would help to relieve the dull monotony of existence as she exists in Maysville.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. John T. Osborne of the county have announced the engagement of their daughter, Miss Mary Bacon, to Mr. T. B. Moncrief of La Grange, Ga. Miss Osborne is one of Mason county's fairest young ladies. For the past several years she has been attending school in La Grange, where she met Mr. Moncrief.

### FIRST UNION MEETING

The first Union meeting of the summer will be held at First Presbyterian Church next Sunday evening in connection with the Centennial Celebration of the Church. Dr. S. B. Alderson a former pastor, will preach. Miss Margaret Hukill of Cincinnati, a noted young singer, will delight the hearers during the Centennial Exercises.

An endless variety of presents suitable for the graduates are now being shown by MURPHY, The Jeweler.

### WILL MEET THIS WEEK

Draft Board to Be Called For the Purpose of Drawing Names of Men Who Will Serve Their Country — Sixty to Be Taken From Mason County.

The work of registration under the selective service draft bill has almost been completed in Mason county there remaining nothing to do except make another set of duplicate registration cards. The Mason County Draft Board soon completed the compiling the figures asked by the government of the United States which were published during last week.

The Board will meet during this week to select the men who will be called upon to serve their country in this hour of need. The day for the meeting has not been fully decided upon. At this time the most important work of the Board will be done.

The names of all of the young men in the county who registered on last Tuesday will be placed in a jury wheel, the required number being drawn by the board. About 60 men will be taken from Mason county out of 1414 that registered or less than four per cent. The fact that one claimed exemption on last Tuesday does not mean that their name will not be drawn from the wheel. After the names have been drawn the young men will be notified and will then have the privilege of appearing before the Board to claim exemption. A blind persons name may be drawn, but he must appear before the board who will exempt him. If the board does not think the person claiming exemption deserves it he will not be excused.

### \$1,000,000 WORTH OF LIBERTY BONDS PURCHASED

The C. & O. Railroad and the Hocking Valley Railroad have purchased \$1,000,000 worth of Liberty Loan Bonds and the employees of the company are offered the opportunity to purchase the same from the company on the installment plan, paying ten per cent of the face value of the bond per month, the amount being deducted from their wages. President George W. Stevens has personally subscribed \$5,000.

## SLACKER OR QUITTER?

The word "slacker" was borrowed from England when we entered the war. It wasn't exactly American—Americans had never used it familiarly in their ordinary work and talk, as the British had. But we needed some such term to severe a sudden need, and it did pretty well.

Our people, however, can always be depended on to supply a word or phrase to fit a given fact or situation, and they have done so now. The men who are trying to shirk their duty to their country are being designated today as plain "quitters."

Every American knows what that means. It may be slang, but that's nothing against it. And it's a good enough, anyhow, to be recognized by the Century Dictionary in this luminous definition: "One who quits, especially a contestant in any manly sport who shirks although physically fit; hence, a shirker; a coward."

Doesn't that fill the bill? Let's have no more talk of "slackers."

"Quitters" is not only the American vernacular, but it actually means more. There's a worse sting in it. And therefore it tends to correct the very evil it is aimed at. Every American hates to be called a "quitter."

Another Americanism with a punch in it is rapidly taking the place of the familiar English phrase, "doing one's bit." Instead of being urged to "do their bit," Americans are now being exhorted to "come across." There's a special fitness in that phrase as applied to the war loan. But it's appropriate to any form of war sacrifice, and by no means less appropriate when taken literally instead of figuratively, with reference to the Atlantic ocean.

## OFFICE WORK PERILOUS

An investigation just reported by the United States department of labor indicates that the most perilous of all occupations is office work. The railroad engineer or trainman, the coal miner who descends into black caverns where death and disaster are supposed to lurk in many forms, iron molders and men engaged in many kinds of strenuous and apparently dangerous labors, have longer average lives than the bookkeeper or office worker.

The reason seems to be that tuberculosis has a better chance with office people than with most other types of workers. The danger from external accidents is less than that from tuberculosis. Clerks, bookkeepers, people confined in an office all day, are victims of bad air, lack of exercise, stagnation. Before and after office hours, too, they ride in crowded, stuffy street cars, and they are too apt to go home to more closed windows and an overdose of artificial heat.

One can't exactly advise the office worker to go forth and play golf. He has to be pretty high up in the ranks before he can afford many varieties of outdoor sports, or the daylight time in which to indulge in them. But he can learn right away to sleep with his windows open, to keep at least one window in the office open, to walk part way to work if he can't make the whole distance on foot, to spend his Sundays as much in the open as possible.

Such advice may sound hard to the weary office worker. But some of the weariness will vanish as soon as the advice is taken. Exercise and fresh air—especially the fresh air—will do much to raise the average length of the lives of the office-bound.

Don't think less of your town because it is small. The biggest town in the world's history was Bethlehem.

This community is ready to say a good word for the man who is ready to say a good word for this community.

When you write a letter, tell how well the town is looking. It is as important as the stamp.

You don't plant a garden and leave it alone; why expect a town to grow without your help?

## "THE BOND BETWEEN"

How valuable paintings are smuggled into this country under the guise of cheap prints is graphically exposed in the Pallas-Paramount production of "The Bond Between" in which that sterling actor, George Beban, will be seen at the Washington on Tuesday.

Mr. Beban is the author of the story as well as the star of the production, and obtained his knowledge of this method of smuggling from a friend of his in the New York custom house. An art dealer in Europe purchased a valuable painting and wishing to pass it into America free of duty, covered the surface of the painting with some preparation and then painted a mediocre sketch in water color on this white surface; then waiting for some American art student to return home entrusted the picture to his care with the request that it be delivered to his friend in New York; the custom officials would casually glance at the picture, which was supposedly the work of the art student, and it would be passed safely through and delivered to his friend, an art dealer, who would remove the white surface and water color, leaving the rich painting in all its beauty.

## TO HELP YOUNG GIRLS

A Mother Wants Her Letter Published.

Eaton, Ill.—"I wish you would publish this letter for the benefit of young girls. My daughter suffered greatly from female trouble with cramps, and headache, and backache most of the time. She never felt like working and it seemed as though she was sick all the time. I decided to try Lydia E. Pinkham's Vegetable Compound and it has helped her in every way, in fact it has really cured her, for she no longer has periodic pains, and no more headaches or backache, and I want all young girls who suffer as she did to know about it."  
—Mrs. ALMA MILLS, Eaton, Ill.

## Another Girl's Experience.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMERTON, 822 South 15th St., Newcastle, Ind.

Girls who are troubled as these young women were, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

## 100 AMERICAN AVIATORS

ON FRENCH SOIL

Washington, June 8.—One hundred American aviators from the navy flying corps for any duty that may present itself, according to a statement issued today by Secretary Daniels. They are the first of the American fighting forces to reach France.

The statement adds that Lieutenant Kenneth Whiting commands the corps which was sent "for duty in anti-submarine operations, or for any other active duty that may be given them in France." The force includes four highly trained navy aviators and a high percentage of the remaining men is also composed of experienced aviators. The others will complete their training in France.

In addition to Lieutenant Whiting, commanding the naval officers in the detachment, are Lieutenant Godfrey Chevalier, Lieutenant Virgil C. Griffin and Lieutenant Grattan O. Diehman.

Lieutenant Whiting was born in Massachusetts, and appointed to the Academy from New York. Lieutenant Chevalier was born in Rhode Island, and appointed from Massachusetts. Lieutenant Griffin was appointed from the state of his birth, Alabama, and Lieutenant Diehman was born in New York and appointed from Georgia.

People who are always constipated which brings on headaches, yellow color, foul breath, poor appetite should not delay a minute, but take Hollister's Rocky Mountain Tea now. You will wonder at its results. 35c. J. J. Wood & Son.

## SUBSCRIPTIONS TO LIBERTY LOAN

TO DATE AMOUNT TO \$1,300,000,000—McADOO

New Orleans, June 8.—Subscriptions to the Liberty Loan to date aggregate \$1,300,000,000 or \$700,000,000 less than the total amount desired, according to the statement issued here tonight by Secretary McAdoo. The secretary urged that redoubled efforts be made to raise the desired \$700,000,000 and oversubscribe the loan, during the next several days.

Secretary McAdoo in his formal statement says:

"There are seven days within which to raise the \$700,000,000 and to oversubscribe the loan. Efforts should be redoubled all along the line to secure subscriptions. The enthusiastic work now under way, if continued without abatement until the 15th of June, will produce the desired result and the loan will be a great success. But there must not be any cessation in the work and it must not be assumed that the loan is already accomplished. I regret to find that there is an impression in some parts of the country that the Liberty Loan has already been oversubscribed. Let it be dissipated immediately and let every lover of liberty in American resolve to apply himself with a new zeal to the work in hand."

## PRACTICAL CO-OPERATION OF BRAZIL BELIEVED NEAR

Rio Janeiro, June 7.—The action of Parliament authorizing the President to adopt measures for the safety of navigation and revoking the Brazilian decree of neutrality in the war, for the benefit of the United States and the Entente nations, is being followed by diplomatic exchanges with representatives of the Entente powers, and practical results may be expected soon.

Warships of the Allies will be permitted to visit Brazilian ports without adhering to the time limit imposed by neutrality.

## TOTAL REGISTRATION OF 9,000,000 MEN INDICATED

Washington, June 8.—Seventeen states and the District of Columbia their returns from Tuesday's war registration complete tonight when the provost marshal general's office closed, showing a combined registration of 2,349,256, compared with their census eligible estimates of 2,703,727. At this rate something over 85 per cent of the census estimate has been registered and if the other thirty-one states should show the same ratio of depreciation the total registration would be around 9,000,000 or 1,264,000 below the census figures.

## WASHINGTON IS ENCOURAGED BY RUSS SITUATION

Washington, June 7.—Encouraging improvements in the Russian situation were reported in official dispatches today telling of stricter discipline in the army, which was seriously threatened by the political upheaval and the sweeping away of all caste. This is assumed to be a result of the efforts of Minister of War Kerensky, who has been touring the fronts.

The great effort here now is to be friendly and sympathetic for the provisional authorities at Petrograd, rather than distrustful and instructive.

The government has adopted a firm policy of not allowing the slightest suspicion to arise that it is trying to interfere in the international affairs of Russia, while, at the same time ready to give any aid that is possible when the hint is given.

Prompt settlement of the Kronstadt trouble when radicals broke away from the provisional government to found a separate administration, has strengthened the belief here that Russia will find its own way out. Reports at present, officials indicate, are very much out of perspective as they center largely on the sensational and upon Petrograd, without much consideration of the great Russia outside.

## 11 NEGROES, 1 WHITE HURT IN PRISONERS' RACE RIOT

St. Louis, June 7.—Sticks, stones, fists and shotguns, loaded with buckshot figured in a fight among 231 workhouse prisoners this afternoon, in which one white prisoner and eleven negroes were injured.

The prisoners divided about evenly, white and black, were working in a quarry near the river. The trouble started when a white man cast a brick at a negro and knocked him down. The guards' report was that the air soon was full of all sorts of missiles.

The two races separated. The whites retreated to the top of the quarry and dropped large rocks and threw smaller ones into the pits where the negroes were trapped.

The guards were unable to stop the fight by beating the battlers with clubs, so they opened fire with their shotguns, shooting low. The buckshot and the arrival of a fire department which immediately dropped the hose in action on the belligerents quelled the fighting spirit. None of the injured are in a critical condition.

## TREASURY CERTIFICATES OF \$200,000,000 SUBSCRIBED

Washington, June 6.—The government's latest offering of \$200,000,000 in treasury certificates of indebtedness has been oversubscribed and the books were closed today, two days ahead of the designated time.

Washington, June 6.—To conserve the wheat supply, bakers were asked by the commercial economy board of the Council of National Defense to discontinue their practice of taking back unsold bread.

## PROF. J. B. CAULDER

Grand Chancellor of the Knights of Pythias of Kentucky Delivered a Great Lecture to His People Tuesday Night, June 5, 1917, at Baptist Church.

Mr. J. B. Caulder is one of the state's young able educators who for many years has held an important position at the head of one of Lexington's great institutions of learning, he is one of the best platform talkers in the state.

While on his annual visit to the local lodge of K. of P. "Pride of Mason No. 79" he consented to lecture to the public. At the hour indicated a magnificent crowd of good citizens assembled at the Baptist Church with members of the lodge "Pride of Mason" who turned out in a body. The church choir rendered several selections of sweet songs and music. Those who occupied seats on the rostrum were Prof. J. B. Caulder, Rev. J. Walker, Dr. W. C. Patton, Rev. R. Jackson and Hon. E. W. Lane.

At the appointed time Dr. W. C. Patton who presided over the meeting in a few well chosen remarks introduced the speaker of the evening as well as Rev. J. Walker, who opened the meeting with prayer.

Mr. Caulder talked for two hours in a most happy and charming manner on "The Great Needs of the Race" and he made them apply to educational needs, religious needs, fraternal needs, and home life needs.

This was the best lecture heard in Maysville for some time. Every moment of the speaker's time was rich with thought that went straight to the mark, and the universal expression of opinion on all sides, was that he was beyond a reasonable doubt the right man and had arrived here on time, he fairly electrified his audience as he in his scholarly and masterful flow of perfect English told them for what he stood for, he was for right and justice because it was right. He was for right things along with right living, for clean homes with clean lives, higher, brighter intellectual boys and girls with educational accomplishments that will drain the temple of thought for the betterment of humanity, better morals and higher standard of living that is honorable, for the encouragement of thrift and business enterprise among his people that will give employment to willing outstretched hands, for more race pride, closer union that the world everywhere be a better place for all the children of men, true belief in the universal brotherhood of mankind and the eternal fatherhood of God.

This manly talk makes one just and reasonable appeal to all men and all women who would help the race to shake off its dread weight and reach the sunlight of success, accomplish higher and nobler deeds, giving our full measure in war as in peace. Prof. J. B. Caulder left a strong impression for good among our people.

After the lecture the members of the lodge returned to the Oddfellows Hall where a brief lodge session was held with their Grand Chancellor. At its close all the members of "Pride of Mason" and their wives and tender sweethearts assembled in the banquet room on the second floor, when its beauties were seen in all its splendor as Old Glory, the dearest emblem of true greatness was in evidence everywhere in the banquet hall, the table long enough to accommodate all beneath the roof was decorated in national colors and set with ferns and flowers. It was a beautiful sight to look upon as maidens and men gathered around the banquet board where the sons and daughters of the "Pride of Mason" received new and wholesome inspiration in the presence of their Grand Chancellor, whose words of wisdom adds so much to the sum of human glory.

In the silent moment of thought—music with its sweetest strains burst forth as if from some great hidden symphonies that made this noted gathering a Royal Kingdom of Kindness where the boundary line between the beast and man is known.

As the gentlemen in stainless white served a delicate and most delicious menu in the latest charming of all parlors to the full satisfaction of all who partaking thereof.

Just before the curtains were drawn upon this noted event the Grand Chancellor was called upon to say a toast which was ripe with splendor. Mr. E. W. Lane was called upon as the respondent and who came up to the full expectation of his hearers. These two gifted speakers left the double of joy on the faces of all as both possess a wonderful flow of oratory.

A compliment is due the officers and members of Pride of Mason Lodge for the excellent work they are doing in every way to better the conditions of the young men who become members of their growing order. The public owes them a debt of gratitude for hav-

## THAT BACKACHE SPELLS DAN-GER!

Action Today May Save Maysville People Future Misery.

A bad back isn't a bad thing if it serves as warning of hidden kidney disorders. Kidney diseases are frightfully common today. We over-do so much. We don't give the kidneys a chance to rest up, and while a bad back, some bladder disorder, an occasional dizzy spell or a persistent headache may be the only outward sign, the kidney trouble that is behind it all may be overlooked or neglected. Put your signs to use. Take them as warnings. Fight off kidney weakness. It takes only a slight kidney disorder to start a case of fatal Bright's disease, from which 100,000 people die in the United States every year. Prompt treatment at first—that's all that's necessary to keep kidney weakness from turning into gravel, dropsy, gout, heart trouble or Bright's. Use Doan's Kidney Pills—the oldest, the most widely used, the best-recommended kidney pill. Forty thousand Americans recommend them publicly. Here's one Maysville case:

Mrs. John Burns, W. Second St., Maysville, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I took them."

Mrs. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Burns has twice publicly recommended—the remedy backed by home testimony. MARKED INCREASE IS REPORTED IN NUMBER OF SUBMARINES SUNK

Paris, June 7.—Rear-Admiral Lazcaze, minister of marines, announced in the Chamber of Deputies today that the proportion of submarines sunk has increased markedly, adding:

"We are employing a very efficient method and we are able to see the possibilities of developing this method so as to render it more efficient. The minister, reviewing the submarine situation, said that while Germany had announced a blockade and had fixed a certain date, the result had been that the Allies were not blockaded; their ships had gone wherever it was necessary to go; at no moment could any one say France had been blockaded, either near at hand or at a distant point.

AUSTRIAN ARMY OFFICERS APPEAR IN RUSSIAN TOWN DEMANDING PEACE PARLEY

London, June 8.—Two Austrian Generals, ten officers and fifteen privates, escorted by eighteen soldiers, appeared in Kishinev, Russia, today declaring that they were peace delegates and demanding a conference with the workmen's and soldiers' committee, says an Exchange telegraph dispatch from Petrograd. The government at Petrograd ordered their arrest.

This afternoon, the dispatch adds, word was received at the dispatch that the delegation would be placed under arrest and escorted to Petrograd.

### EXTENSION OF HOSTILITIES

Is Teuton Threat—Overtures to Russia Boasted of Ability to Fight on All Fronts.

London, June 10.—It was after General Eragomiroff had curtly rejected the peace proposals made to him by German military emissaries, about the middle of May, according to a Russian dispatch from Petrograd, that the German Commander in Chief on the western front sent wireless messages to all Russian troops proposing an armistice by which, as he naively suggested, Russo-German military activities could be suspended without Russian defection from her allies.

The German commander declared in his message that his country with her allies was ready to make the frequently expressed desire of the Russian Soldier's delegates and end the bloodshed by concluding a peace honorable to both sides, thereby reestablishing the former neighborly relations and giving economic support for Russia. The message invited Russia to send plenipotentiaries if she wished to know the German conditions, but at the same time, to abstain from demanding the publication of these conditions as long as she considered herself bound by the secret treaty made by foreign governments for the purpose of "destroying Germany and her allies."

The message then specifies the object for which Germany's enemies were declared to be fighting. These are said to include the position of the German colonies, Alsace and Lorraine, Trieste, Constantinople, the partition of Asia Minor and the levying of a heavy indemnity upon the Central powers.

The radiogram closed by affirming Germany's continued ability to fight on all fronts, instancing previous simultaneous operations in Roumania, on the Osino and the Somme. Consequently it was declared she need not remove the eastern front troops and threatened that if the Central powers were forced to continue the war, their military objects, inevitably would become more extensive.

### COMMENCEMENT WEEK

Opens in the Maysville High School Last Evening With the Baccalaureate Sermon Delivered by the Rev. Dr. J. W. Porter of Lexington.

Commencement week exercises began last night in the High School auditorium with the baccalaureate sermon, which was delivered by the Rev. Dr. J. W. Porter of Lexington, pastor of the First Baptist Church of that city.

A very large crowd was present to hear Dr. Porter. Every seat available was taken and many were forced to stand. Those standing were rewarded however by hearing one of the most masterly sermons ever delivered in Maysville.

The program opened with the march of the Senior Class to their seats directly in front of the stage. They were followed by the members of the faculty of the High School. The Rev. S. K. Hunt, pastor of the Third Street M. E. Church, gave the invocation, following the Doxology sung by the audience.

The Rev. Dr. John Barbour read the Scripture lesson, the nineteenth psalm. Miss Elizabeth Williams, directress of Music in the schools, sang very sweetly "When the Heart Was Young." Miss Williams possesses a rich, clear soprano voice and it was a great pleasure to all present to hear her.

Dr. Porter was then introduced to the audience. He prefaced his sermon with a short talk on his memories of Maysville. His subject, "The Challenge of the School Room," was handled in a splendid manner and not for one moment of the 55 minutes used by him in speaking did his audience grow weary. The splendid address given by him to the graduating class could not have fallen upon unheeding ears.

On Tuesday afternoon at 2 o'clock the annual Senior Class Day will be held. This will be full of fun and is the graduating class' farewell to the High School. There will be no admission charged and all are cordially invited to attend.

The following will be the program of the afternoon:

### NO MORE NATURAL BRIDGE EXCURSIONS

General Agent W. V. Shaw, of the Louisville & Nashville, is in receipt of a letter from the General Passenger Agent of the road, advising him to notify the public through the press that after the excursion from Cincinnati to Natural Bridge Sunday, June 10, no more Sunday excursions will be run between those points.

The Sunday excursion from Stanford, Lexington and Maysville will continue all through the season as usual. If conditions change and the Natural Bridge excursion are resumed, due notice will be given the public through the papers.

It is presumed that the road is conserving its passenger rolling stock in anticipation of orders for moving troops to and from the mobilization camps.

### TWO TRAINS MAY COME OFF

Trains Nos. 1 and 6 on the C. & O. passing here at 9:59 a. m. and 9:35 a. m. respectively, may be discontinued by the railroad as a war measure. The removal of these trains would mean that there would be a much greater congestion on other passenger trains as these two are the most popular on the road. Several local trains in West Virginia will also be discontinued.

### OUR COLORED CITIZENS

Mr. Jesse Yates of this city left for Cincinnati this morning to have his eyes treated.

Thirteen girls and boys will finish the Eighth Grade at the Bethel Baptist Church tonight. The graduates are Charles M. Hord, Charles H. Self, Taylor G. Lewis, Arthur Tipton, Wilkes Whaley, Aurelius R. Welch, Lillian C. Jackson, Rosa A. Greene, Ethel Overly, Lydia L. Lee, Mary E. Thompson. These pupils will receive certificates of graduation. The exercises will be in the nature of a play called "Al Martin's Country Store."

North Fork, Ky., June 5, 1917 — Brother Alexander Edwards was born in Fleming county, Ky., May 3, 1846, and departed this life, Friday, June 1, 1917, at 8 p. m. He was 77 years old. He was kind and obedient father, he was conscious until his death, he professed the hope in Christ about sixty years ago and was a good Christian man, attending his church when he was able. He told his daughter, Ethel, to give him something to suit his appetite, that he would not be with her long. He said, I'm glad all you children are here. I am feasting and waiting on the Lord, if it is his will for me to get well it is all right, if it's not it is all right. I have fixed it all right with God, said he was willing and ready. He leaves a wife, six children, one brother, eight nieces, four nephews and a host of friends to mourn his loss. His favorite songs: "Sweeping Through the Gates," "Sleep in Jesus Blessed Sleep." Why should we start and fear to die, he said he did not need any one pray for him that he had fixed it all right with God.
